

IBIZA & FORMENTERA

A retreat that feels like your community

Co-designed with you. Produced
locally by Ibiza Private Retreats.

CREATOR PARTNERSHIPS

Conceptual imagery

Your voice sets the direction. We make it happen on the island.

You know why your audience would travel with you. We help turn that reason into a retreat they can join, then coordinate its delivery in Ibiza or Formentera.

YOU BRING

Your community, content and presence
as host

WE BRING

The concept, local partners and on-island
coordination

FOR MOVEMENT & WELLBEING CREATORS

A practice your people can share in person

Pilates, yoga, mindfulness or sound. You lead the sessions. We build a programme that gives your guests room to practise, rest and connect.

A possible four-night retreat

Morning sessions
Unhurried time on the island
Shared meals and a closing gathering

FOR FOUNDERS & CREATIVE COMMUNITIES

Space to think, make and connect

Bring the sessions you want to lead: business, food, writing or creative practice. We find the setting and build an experience around the conversations that matter to your group.

Workshop days. Long-table evenings.
Time to explore Ibiza together.
